

## Washington D.C. Region SCCA presents the first Frederick County Shortest Distance Rally Sunday, July 15, 2012

A shortest distance rally is an untimed RoadRally following an undefined route. Instead of the usual route instructions and timing controls, contestants are given a map or maps, and a list of questions to be answered by visiting specific locations on the map. Contestants receive penalty points for incorrect answers, as well as for each mile traversed during the day. Thus, the goal is to visit all the required sites in the overall time allotted (usually 3-4 hours) traversing the shortest distance possible. The available roads are the usual scenic back roads of Frederick County, and locations to be visited are historical markers, or other similar sites.

Since scoring is independent of the car, only three classes will be provided – Novice (those who have never run a shortest distance rally before), Limited (those who use no additional maps, GPS, or other similar devices), and Equipped (unlimited use of maps, GPS, etc. permitted). This event will count as a regional event in the National GTA RoadRally Series.
